

CHANGING ROOMS AND SHOWERING POLICY

This Changing Policy applies to adults and young people (under the age of 18) sharing changing and showering facilities at OD CUACO Cricket Club.

Many clubhouses and pavilions do not have separate changing facilities for young players. We therefore follow the ECB guidelines in this regard:

- Adults will not change or shower at the same time using the same facility as young players.
- During matches, adults will endeavour to change at separate times to young players e.g. when padding up.
- Parents have the option to supervise their children whilst they are changing and the Club will make reasonable efforts to arrange this.
- Mobile phones or other recording devices must not be used in changing rooms.

Please note that young players uncomfortable with changing or showering with adults are under no obligation to do so.
